## ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Mrs. Phoebe C. Wright died Friday at the home of Philander Orvis of Bristol at the age of 97 years.

Cecil Proulx, the year-old baby who was burned at his home in Rutland by a brand in the hands of his four-year-old brother, is recovering.

A new marble quarry is to be opened up at once near the Brandon railroad station, power to be furnished by the Horton Power company.

The new lime kiln plant of the Vermont Marble company is completed and work will begin at once, about 18 men being employed. The output of lime will be 60 tons per day.

A special town meeting is to be held in Barre Saturday to see if the town will vote to recede the action of the meeting held April 4, which appropriated \$30,000 for a new school building.

Rev. F. W. Raymond on Sunday resigned the pastorate of the Union church at Proctor to accept a call to the First Church of Christ at Glastonbury, Conn. He had been at Proctor since 1908.

The Brattleboro board of trade is considering the hiring of a paid secretary, who shall devote his entire time to the work of the board. This will be acted upon at the annual meeting April 26.

Alphonse Delage, employed in a Winoski blacksmith shop, was struck in his left eye by a red-hot bolt, which flew from a vice as he was pounding on it. He will lose the sight of that eye. For 30 years Mr. Delage has been employed in the Devino shop.

Robert Cummings caught ten trout in Furnace brook in Bennington the first day of the open season, one of them tipping the scales at one-half pound. In the Dewey brook in the same town, Alexander Drysdale caught a seven and one-half inch trout.

Herbert E. Strong, a native of Brattleboro and later a resident of Keene, N. H., died April 14 at his home in Bristol, R. I., where he had been head book-keeper at the office of the Cranston Worsted company for 16 years. He was 51 years old.

Mrs. A. M. Huling observed her 90th birthday anniversary April 10 at the home of her daughter, Mrs. W. C. Phelps, in West Guilford. Mrs. Huling is very active for one of her age, being able to attend suppers and gatherings in the neighborhood and each summer she goes for a week's trip with her daughter, Miss Estella Cook of Boston.

Addition to Putnam State Forest in Worcester.

The Vermont state forestry department has recently received from Messrs. C. C. Putnam and Ralph Putnam, a deed of 300 acres in the town of Worcester adjoining the area given by them to the state last year. The arrangement made in this case is that the department will exchange nursery stock, of which there is a surplus in the state nursery, for this land. In this way the land is acquired without direct expense to the state and more nursery stock is planted than would be otherwise. This has now become the second largest state forest with an area of 1,400 acres. The Mansfield forest, with an area of 5,000 acres, is the largest owned by the state.

The forestry department completed a survey last fall of the Putnam forest, including this new area. Plans have been completed for the planting this spring of 150,000 trees, mostly Norway spruce, on certain portions having suitable soil. A camp will be established as soon as the season is far enough advanced, and about twenty men will be engaged in this reforestation work.

The state now owns altogether about 12,000 acres of forest, most of which is covered with a natural growth of some kind. It is the policy of the forestry department to reforest the waste lands in these areas as rapidly as possible, thereby furnishing examples of forestry work in many localities.

### WAS WRONGLY CONVICTED.

Is Claim Made By Giovanni Marino, Sentenced for Life.

Rutland, April 18.—The brief of the state of Vermont in the case of Giovanni Marino, murder, which is to be argued at the May term of the Vermont supreme court, was filed yesterday in the office of County Clerk H. A. Harman by State Attorney C. V. Poulin, who, with Attorney General H. G. Barber of Brattleboro, made up the answer to the bill of exceptions arranged by W. H. Preston of Fair Haven, respondent's counsel.

Giovanni Marino was tried in Rutland county court a year ago for the killing of Angelo De Gioia at Fair Haven, was found guilty of murder in the second degree and sentenced to life imprisonment. He took an appeal.

In stating the grounds for the appeal the respondent objects to the admission of three different bits of evidence, and takes exception to remarks made by the state's attorney in cross-examination of a witness having to do with previous evidence given by the same witness.

There is also objection to the court having charged the jury as to the legal meaning of murder in the first and second degrees, the contention of the respondent's counsel being that Marino could have been found guilty of nothing more serious than manslaughter, and thus the greater charge should not have been discussed.

The readers of this paper will be pleased to learn that there is at least one divided disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O.
